The symbol of the Elden Ring, an extremely powerful military organization, is carved upon the base of the monument in the center of Rockfort. However, that treasure is now the goal of other guilds, and the men that went to the Elden Ring Academy to become soldiers have been reduced to rags. Moreover, the head of the Elden Ring, a woman, has left the academy after a mysterious incident. Was there a relationship between the whereabouts of the Elden Ring head and the dead bodies in the training camp? In order to find out the truth behind the Elden Ring, Tarnished, a strong, adventurous man from the other world, rushes to the west gate of Rockfort. Rockfort is currently under attack by a large army. In order to take the army out, the Elden Ring in the west gate has decided to send out a special commando squad.
